Supply Type	**Fixed. No minting, no burning**
Contract	**0xa1aeaad8b22ad3068582e38f776770850b4d9e7f**
Deployed	**24 June 2026**
Liquidity	**Not yet live. Aerodrome, targeted Q1 2027**
Who can use it	**Adults 18 and over**

EUC Dojo · eucdojo.com · November 2026

01
Abstract

Voltage ($VLTG) is the utility token of EUC Dojo. EUC Dojo is based in Central Florida. It teaches people to ride electric unicycles (EUCs), rents wheels, runs Dojo events, and builds PEV Dojo, a rider app for every kind of personal electric vehicle (PEV): EUCs, ebikes, scooters, electric skateboards and one wheel boards. $VLTG is how riders in the app are rewarded.

$VLTG was deployed on Base on 24 June 2026 with a fixed supply of 10,000,000,000. It cannot be bought or sold yet. A launch pool on Aerodrome is targeted for Q1 2027.

02
How $VLTG Works

Earn

- **Legends seasons.** The competition inside PEV Dojo. It has a board for each kind of PEV: EUC, Ebike, Scooter, Skateboard and One Wheel. Every rider is on all five boards, and each ride counts on the board of the PEV the rider says they rode. Each board crowns its own winners every season: riders who clear the Quest, a Belt Champion for each belt, and a Crew Legend. Riding, titles, belts and Chi (the rider score) are how riders climb. The current season is a beta season with no prizes. After launch, season winners receive $VLTG. Prize amounts are set before each season and announced in the app. Prizes are paid in $VLTG at its trading price and come from the Community allocation.
- **EUC Dojo events (planned).** Prizes in $VLTG at events EUC Dojo runs.
- **Partner events (planned).** Winners at racing and riding events run by partner companies can earn $VLTG. No partnerships are in place yet.

Spend

- **The $VLTG Shop** in PEV Dojo is the first place to spend $VLTG: digital profile items such as auras, photo frames, name styles and six chat sticker packs. Physical items EUC Dojo has in stock are planned. It is built and opens when the pool is live.
- **VIP access (planned).** $VLTG will be usable for access to VIP events. **Partner shops (planned).** Partner companies may accept $VLTG for their products or services. Details will be announced before launch. No partnerships are in place yet.
- **Lessons and rentals (planned).** $VLTG will be usable for discounts on EUC Dojo lessons and rentals, which are for EUCs. Details will be announced before launch.

Your wallet

- Riders 18 and over can connect a Base wallet in the app, or create a Passkey wallet through Coinbase.

- Adults agree to the $VLTG Token Terms (eucdojo.com/token-terms.html) when they create their account.
- Planned: once the pool is live, adults can buy $VLTG in the app with Apple Pay or a card, through Coinbase.

> **Riders under 18** can use the rest of the app with a parent's approval and can compete in Legends. A rider under 18 who wins receives a prize of the same value as merch or a gift card, not $VLTG.

03
Token Structure

The supply is fixed at 10,000,000,000 tokens. The contract has no owner, cannot mint or burn, and has no transfer tax, freezing or transfer limits. Its source is verified on Basescan.

ALLOCATION	%	TOKENS	UNLOCK
Community	33%	3,300,000,000	Not locked. Held in the treasury and paid out over time as rewards, including Legends prizes
Liquidity	20%	2,000,000,000	1B Aerodrome launch pool and 1B reserve, each locked 18 months
Founder	15%	1,500,000,000	Monthly over 36 months
Team & Ops	12%	1,200,000,000	Monthly over 12 months
Early Adopters	20%	2,000,000,000	Bought under the Early Adopter Purchase Agreement (EAPA). 10% at launch, then 90% monthly over 12 months

Unlocks: Before trading opens, the Founder, Team & Ops, Early Adopter and Liquidity allocations move into on chain unlock contracts. Every unlock clock starts the day the launch pool opens, and tokens release once a month. Nobody, including the founder, can speed an unlock up.

Security: All allocations are held in a Safe multisig wallet. No single person can move tokens; every transaction needs several hardware wallet approvals. The contract was checked with automated tools before deployment. No third party audit has been done and none is planned before launch.

04
Roadmap

PHASE	WHEN	MILESTONES
1 · Foundation	Complete April 2026	Website, papers, social accounts, community building
2 · Token	Complete 24 Jun 2026	$VLTG deployed to Base, source verified on Basescan, early adopter allocations recorded
3 · Platform	Complete Jun to Nov 2026	Rider app with Legends, belts, titles, crews, Feed and follows, group rides, trails, notifications, wallet connection, family accounts and Dojo Host check in. $VLTG Shop built. The app opened to every PEV and was renamed PEV Dojo, with a Legends board and a belt for each PEV
4 · Launch	Targeted Q1 2027	Unlock contracts loaded, Aerodrome launch pool, $VLTG Shop opens, buying in the app, Legends prizes paid in $VLTG
5 · Partners	Targeted 2027	Partner racing and riding events with $VLTG prizes, and partner shops that accept $VLTG

05
Team

EUC Dojo and $VLTG were founded by James Tate, a former mechanical and aerospace engineer who spent most of his career around high performance cars and motorcycles. He got into electric bikes, found EUCs, and started EUC Dojo. The website, shop, PEV Dojo app and booking and waiver systems were all built in house. EUC Dojo is founder led, and holding $VLTG does not come with a vote.

This litepaper is for information only and is not financial advice, an investment recommendation, or an offer to sell securities. $VLTG is a utility token. It is not an ownership interest in EUC Dojo and gives no right to profits or returns. EUC Dojo makes no promise about its value. $VLTG features are for adults 18 and over. Using $VLTG involves risk, including total loss. The $VLTG Token Terms at eucdojo.com/token-terms.html apply. Do your own research before making any financial decision.
